Term of contribution registration: before October 31, 2011. **Instructions for formal preparation of contributions to be published in proceedings you will find in annex.** Please be so kind to keep the structure of contribution as shown in the pattern.

For shortage of time allowed for conference, the SWS Committee reserves the right to consider presentation of individual contributions. However, all contributions delivered in the set term will be published in the Conference Proceedings.

Negotiating language: Slovak, Czech with simultaneous translation to/from English, German, Russian

Accompanying actions

Ceremonial awarding of memorial **medals of Academician Jozef Čabelka** to the Slovak and foreign welding specialists.

Based on the results of inquiry made with the participants of the past year conference, the lecturer awarded with „**3x BEST 2010**“ (BEST of all, MOST interesting, MOST original) will be announced.

BONUS for conference participants

- Each participant who will remit whole three-day stay by the bank transfer on SWS account not later than November 07, 2011 will receive from the SWS a professional publication, edited by the SAS Publishing House, with title: **Welding MMA steels and non-ferrous metals.**
- Each participant will receive at presentation one **tombola ticket** with prizes for welding personnel for each day of stay remitted by the bank transfer on SWS account.
- **Mead tasting** – opportunity to taste our traditional honey drink, many times prizewinning at prestigious international contents (Gold - Montpellier, France; Silver - Denver, USA; Bronze - San Francisco, USA).
- **Social evening** (with a live music) – Nov. 09, 2011: Slovak evening (Folk music) and Nov. 10, 2011: modern dance music.

Besides the professionals from the field of welding, as the active conference participants, we also KINDLY INVITE amongst us all those interested, who are eager to take a rest in the nice environment of the High Tatras in the company of their dearest, friends and acquainted.

Leisure time activities

Banquets with social program held on Nov. 09. and 10, 2011 are included in the stay price. In case of sufficient interest from the side of conference participants, the SWS Committee will extend the offer of leisure time activities, namely on Nov.10, 2011 by the hiking trip with a **professional mountain guide** and on No 11.11.2011 by the visit to **Belianská cave. Entry to the swimming pool** is included in the stay price.

Sauna, solarium, jacuzzi, hydro-massage bath, hand massage, fitness centre, mud wrapping, table tennis and billiards – are the complementary services available to our guests in case of interest, however paid by the participants themselves

We await your suggestions to extending the professional program, eventually your incentives for other leisure time activities. We would appreciate also the information, which of the professional themes and/or other SWS activities have persuaded you to participate in the conference. Please don't hesitate and contact us. The results of social survey will be assessed, eventually incorporated into the program before October 15, 2011.

Advertising of companies

Advertising of companies – suppliers of welding materials and welding machinery equipment - will be organised in hotel premises during the conference. The rules for sponsors are given in the annex.

Practical information

The number of participants is limited. Application acceptance will be announced to you by the e-mail. The application form and necessary information can be find in the annex.

This invitation is also placed on the web site **www.szswelding.eu**, where you may find also other information about the conference that is currently updated.

After conference, the welding specialists will receive the certificate. Participation in conference is credited in the educational activities of the certified welding personnel EWE/IWE, EWT/IWT, EWS/IWS.
